

Hello, my name's Connor.
My sister Harper and I are technological kids.
We can use a computer very well.
My grandfather Oliver can't use a computer
at all.
He hasn't got a smartphone. He can't use it.
He's got an old phone.
Today it's his birthday. His present from
me and my parents is... yes! A smartphone!
Here I'm teaching my grandfather to use it.
I love teaching!
Now I'm sure! When I grow up, I want
to be a teacher!
